

# Travis McAuliffe

Partner in Charge, Government, Western Australia

GOVERNMENT

Travis is the Partner in Charge of KPMG's Government practice in Western Australia and Lead Partner of KPMG's Internal Audit Services group in Perth.

Travis has in excess of 15 years experience in commercial risk management and internal audit. Prior to joining KPMG in 1995, Travis worked in senior positions in the resources industry and the public sector.

Since joining KPMG, Travis has worked exclusively on leading business risk and internal control review assignments for a number of large public sector agencies in Western Australia, as well as some of Australia's leading private sector resource companies. Travis now leads what is considered to be one of the largest dedicated teams of internal audit and risk management professionals in Western Australia. He is the Lead Partner for a number of large resource companies.

Some of the major government assignments that Travis has been involved include:

- Lead Partner for the provision of internal audit and risk management services to a number of large government departments in Western Australia.
- probity and process reviews for a leading public sector financial services agency.
- evaluation of the delivery of a major government program.
- the development of agency-wide strategic plans.

Travis is a Certified Practising Accountant, Member of the Institute of Internal Auditors, Australia, member of IPAA and Course Director for the Chartered Company of Secretaries, Corporate Governance module.
